The BLM issued grazing bills and allowed domestic sheep or goat use during the 2013 grazing fee year. A bill to graze livestock on all or part of public land with livestock (i.e., trailing) is issued on an annual basis.

Under term grazing authorizations (term permits, leases or Exchange-of-Use authorizations) current as of 4/18/2014, the BLM authorized domestic sheep or goat use within all or part of the allotment. Data do not include crossing public land with livestock (i.e., trailing).

Overview data for the purpose of identifying areas of potential overlap between bighorn sheep-occupied habitat and domestic sheep grazing. To determine areas of actual overlap, please consult local state agency wildlife biologists and local BLM Field Office.
