The BLM issued grazing bills and allowed domestic sheep or goat use during the 2013 grazing fee year. A bill to graze livestock or to cross public land with livestock (i.e., trailing) is issued on an annual basis.

Under term grazing authorizations (term permits, leases or Exchange-of-Use authorizations) current as of 4/18/2014, the BLM authorized domestic sheep or goat use within all or part of the allotment. Data do not include crossing public land with livestock (i.e., trailing).

Data sources:
- Sheep/Goat Allotments and Pastures: A join of RAS authorized (April, 2014) and billing (2013 fee year data) to GSSP grazing.
- BLM Administrative Boundaries: BLM GeoSpatial Gateway, Downloaded in December, 2014.

GIS data and product accuracy may vary. They may be developed from sources of differing accuracy, accuracy only at certain scales, based on modeling or interpretation, incomplete while being created or revised, etc. Using GIS products for purposes other than those for which they were created may yield inaccurate or misleading results.

The Bureau of Land Management (BLM) makes no expressed or implied warranty, including warranty of merchantability and fitness, with respect to the character, function, or capabilities of the data or their appropriateness for any user's purposes. The Bureau of Land Management (BLM) reserves the right to correct, update, modify, or replace, GIS products based on new inventories, new or revised information, and if necessary in conjunction with other federal, state or local public agencies or the public in general as required by policy or regulation. Previous recipients of the products may not be notified unless required by policy or regulation.

For purposes of identifying areas of potential overlap between bighorn sheep-occupied habitat and domestic sheep grazing, please consult local state agency wildlife biologists and local BLM Field Office.
