January 16, 2020

Greetings,

The Western Association of Fish and Wildlife Agencies (WAFWA) 32nd annual Sage and Columbian Sharp-tailed Grouse Technical Committee Workshop will be held June 22-25, 2020 in Bend, Oregon and we invite your participation and sponsorship.

This year’s workshop will include symposium sessions, a poster session, a field trip to the Brothers – North Wagontire Sage-Grouse Core Area featuring emerging habitat management techniques, and many networking opportunities during social events. Around 200 participants representing various government agencies, non-profits, universities, and private industry will travel from all over the western United States to attend this workshop. Your sponsorship will have a broad appeal and reach a large audience. We realize that the economy is not what it used to be and are willing to work with sponsors on unique opportunities to provide the most benefit to everyone. Please consider supporting at one of the levels attached or get in touch if you have a different sponsorship idea.

If we can count on your organization to sponsor the Sage and Columbian Sharp-tailed Grouse Technical Committee Workshop, please contact me to discuss the details further. Thank you very much for your time and consideration. I look forward to hearing from you.

For more information about the workshop, please visit:
